

RANGE:

forever.

Bicycle Parking

SPECIFICATION:

Materials:

Like every product in our Foerever Range, we use 316 Stainless Steel throughout for maximum lifespan, even in coastal areas.

Any design can be embossed, cut out or attached to the crossbar. Cycle Parking is now often sponsored by local businesses for example.

Details:

Common dimensions are:
750mm above ground
300mm below ground
800mm width
60mm diameter tubing

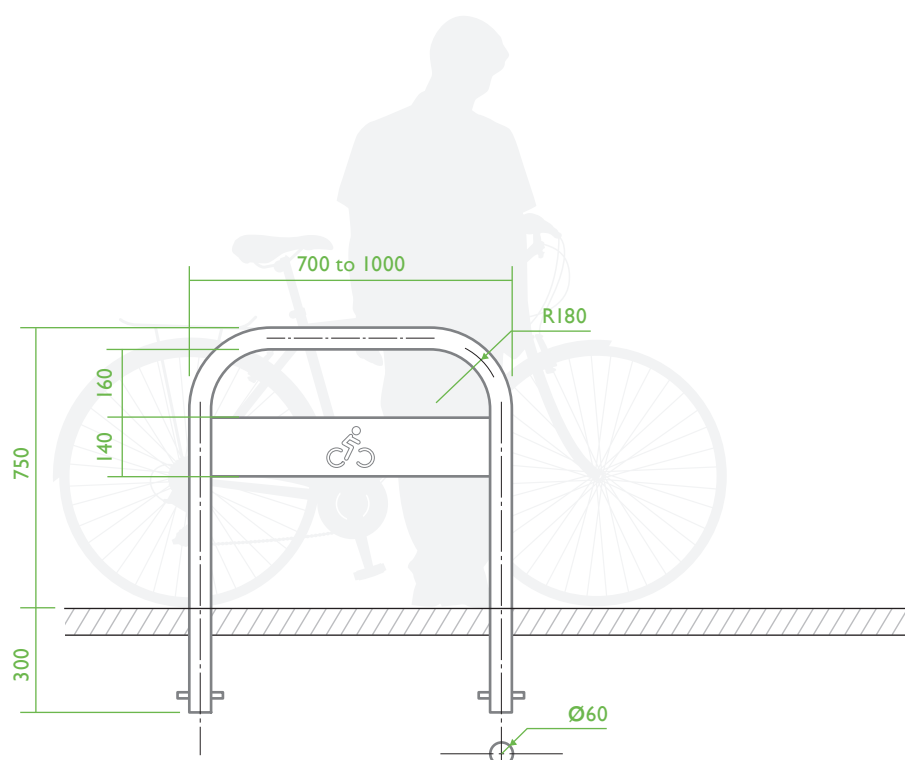

As all our Forever Range is fabricated to order in the UK, any design can be accommodated.

Options:

With or without the crossbar.
Crossbar position.
Crossbar logo.

Surface mount and rack mount variations available.
