

RANGE:

Seating

SPECIFICATION:

Materials:

Like every product in our Forever Range, we use 316 Stainless Steel throughout for maximum lifespan, even in coastal areas.

Strong box-section construction makes this design extremely durable and vandal-proof, while the gentle ergonomic curves provide class-leading comfort.

Details:

Common dimensions are:
750mm above ground
300mm below ground
800mm width
60mm diameter tubing

As all our Forever Range is fabricated to order in the UK, any design can be accommodated.

Options:

Available with or without armrests; surface-mounted or with extensions for excavation.

Many perforation designs are available, including custom logos.
