

RANGE:

Planters

SPECIFICATION:

Materials:

Like every product in our Forever Range, we use 316 Stainless Steel throughout for maximum lifespan, even in coastal areas.

Strong box-section construction makes this design extremely durable and vandal-proof. Contemporary style lends itself equally to outdoor and shopping centre locations.

Details:

Common dimensions are:
640mm high
640mm and 1280mm width options for modular schemes.
30mm folded flat tops for safety

As all our Forever Range is fabricated to order in the UK, any design can be accommodated.

Options:

Available with or without watering inlets.

Various surface mount feet options can be made to order.

Much larger sizes can be accommodated by using on-site construction and bolt-together wall panels.

DIMENSIONS:
